For one thing, at least, the honest people of Kentucky have reason to be thankful. The Goebel Law is no more; and may the Devil fly away with its unhonored ashes.

COLONEL W. C. P. BRECKINRIDGE says in the Lexington Herald that when the State Board finishes the work of tabulating the returns and issuing the certificates under the recent election "it will pass out of existence and pass into an immortality of shame."

A SPECIAL dispatch from Lincoln, Neb., says "Mr. BRYAN remained in his study" the day after the election. This is important; his study was the proper place for him; and he ought to remain there for some time to come—studying out what he will do to fool the people during the next four years.

"THE Democratic Chairman says S.J. FOWLER will not carry Lewis county by more than 600 majority. THE LEDGER says he will carry it by not less than 1,100 majority. Now, paste this in your hat and see which is nearest correct."—Mayfield *Ledger*.

And Harrison will see that 1,100 majority and give you 100 better Paste this in your dicer to cool your head.—Cynthia *Democrat*.

Well, now what do you say? THE LEDGER missed it just 203, while you missed it 222. Please be good hereafter, else we'll come over and "shake" you—but do you take sugar in your?

SUMMING up the results of the late election in this state the Democratic Lexington Herald says—

"What will be the action of the County and State Boards no one can foresee. Under the decisions of the Court of Appeals as now constituted the election will stand, and is responsible, unavoidable and infallible; and it has demonstrated that it is without honor, conscience or intelligence. It may issue fraudulent certificates and declare the elected defeated and the defeated elected. Or, Mr. BRYAN may file his claim to the election if it gives the certificates to Mr. YERKES and contend that he is entitled to hold until the expiration of Governor TULLY's term."

Mr. C. P. CHENAULT, Secretary of the State Election Commission, has settled it. He says:

"The returns show BRYAN and BECKHAM have carried the state by a safe majority. BECKHAM has at least 5,000 and probably 7,000 majority and BRYAN is probably 4,000 or more ahead of BECKHAM. There is no doubt the state has gone Democratic."

This may be regarded as official, as it comes from the Secretary of the Board that will finally pass upon the returns.

But THE LEDGER would like to know by what right Mr. CHENAULT trenches upon the privileges of Mr. FOYNTZ, whose peculiar prerogative is to declare the result in Kentucky.

Murray & Thomas have just erected a fine Granite Monument for the Tarleton estate in Shannon Cemetery. If you want good work give them a call.

There is probably no disease more distressing and annoying than piles. Taber's Buckeye Pile Ointment is daily curing thousands of cases of piles and bleeding piles. The cure begins on the first application and continues to make the cure complete. Price, 50 cents in bottles, 75 cents. J. Jas. Wood & Son.

HELLO BILL!

Tuesday night, in an epoch in the history of the Washington Opera-house, having seen "Hello Bill!" and selected it as a fitting medium with which to amuse local theater goers, the public need have no doubts as to the value of "Hello Bill!" as a laugh producer, as the wisdom of the Manager of the Engagement has been fully tested. The comedy itself is one of complications, thoroughly wholesome and refined. Its humor is pointed and the laughs follow each other with such rapidity as to make it practically continuous. There is no horseplay, no slap sticks and absurd scenes, vulgarities, obscenities and furors. The cast is an excellent one, and includes Messrs. H. D. Blakemore; George Macomber; Richard Quilter; Aubrey Noyes; Frederick Lander; Misses Olga Humphrey; Emily Lassell; Eugene Bowen; and Carrie Lee. Author: George Collier. The person to see this "Hello Bill!" is adequately provided. The date is set for Tuesday nights November 13th. Seats on sale Monday morning at Nelson's.

J. W. Bryan of Lowder, Ill., writes: "My little boy was very low with pneumonia. Dr. J. Jas. Wood & Son gave him Dr. Foley's Honey and Tea. The result was magical and puzzled the doctor, as I never heard of any such rapid recovery and he quickly recovered." J. Jas. Wood & Son and Armstrong & Co.

Herbine sweetens the breath, brightens the eyes and clears the complexion and gives the skin a natural glow of health. Price, 50 cents. J. Jas. Wood & Son.

AFFAIRS IN CUBA.

Constitutional Convention Considering the Advisability of Holding Secret Sessions.

TWO CANDIDATES FOR PRESIDENT.

Difficulty in Reaching an Agreement as to the Relations Between Cuba and the United States.

The Government is Encouraging Immigration, and a Large Increase is Expected—New Steamship Regulations.

Havana, Nov. 9.—The committee on rules of the Cuban constitutional convention is discussing the advisability of holding secret sessions after the permanent organization has been effected, which will probably take place at the beginning of the convention in Montevideo.

Senators Capote, Tamayo and Rivera are the most prominent candidates for the presidency of the convention.

La Lucha says: "The difficulty will arise in reaching an agreement, but in reaching an agreement as to the relations which are to exist between Cuba and the United States. We take it that the convention will insist upon three fundamental points: No relations with other governments except with the United States; the power to negotiate treaties, and no authority to upset peace and order."

To Decrease Yellow Fever.

Hereafter the steamboat companies will meet trans-Atlantic liners outside of Havana harbor and will transfer immigrants destined for American ports. This will be to the rural districts of the provinces of Havana and Pinar del Rio will be sent to the Cuban barracks and will not be allowed to enter Havana except en route.

It is thought that these precautions will result in a rapid decrease of the yellow fever, 50 per cent. of the cases now under treatment are among the immigrants.

The government is encouraging immigration and a large increase is expected. In all cases an effort will be made to send the newcomers to those sections of the island where labor is particularly needed.

A FURTHER FLIGHT.

China and the Peasants Can Come to No Agreement, and the Chinese Court Will Go to See Chuan.

London, Nov. 9.—"Li Hung Chang telegraphs," says the Shanghai correspondent of the Daily Express, "that he despatched his commissioners, and that it is needless to expect the Chinese court to consent to the execution of Yu Hsien or Tung Fu Hsiang. He declares that it is equally vain to attempt to induce the powers to moderate their demands, and that therefore the court is preparing for a further flight to the province of Sze Chuan with an imperial army of 14,000."

GERMAN ATROCITIES.

Letters Continue to Come From China Giving the Details of Horrible Massacres.

Berlin, Nov. 9.—The papers continue to print letters from German soldiers in China showing the terrible atrocities committed by German troops. A letter printed Thursday describes the capture of a certain village.

"Baronets were fixed, and our lieutenant was commanded to shoot down or bayonet everybody in sight. During the night many Chinese were killed, including a woman and a child."

ELECTION IN PORTO RICO.

Official Returns Show a Republican Victory—Senior Delegates Elected Commissioners of Congress.

San Juan, P. R., Nov. 9.—The official returns of Tuesday's election are nearly all at hand from the various parts of the island. They show, as was anticipated and forecasted, the election by the republicans of the entire house of delegates and of Senator Fredric Dugay as commissioner of congress. Only 15 federal went to the polls, the total republican voting being about 50,000.

Bryan to Take a Trip.

St. Louis, Mo., Nov. 9.—William J. Bryan will take a hunting trip to Col. Moses Wetmore's south Missouri game preserve some time this month. Col. Wetmore stated Thursday that he was making preparations for the trip but no definite date had yet been set for it. Governor-elect Dooley will be one of the party.

Arctic Scientific Explorations.

Edinburgh, Nov. 9.—The whaler Eclipse, owned by the Arctic Exploration Fund from Davis Strait with a party of Arctic scientific explorers, including Messrs. Stein and Warmbath, Americans, and Dr. Karr, an Austrian, who secured important information about Ellesmereland.

Elected President.

Fort Worth, Tex., Nov. 9.—At a meeting of the directors of the Chicago, Rock Island and Texas railroad Thursday, H. A. Parker, of Chicago, was elected president to succeed M. A. Love, resigned.

STILL UNDECIDED.

Democrats Claim Election of Beckham by 5,000—Republicans Say Yerkes Has a Small Majority.

Louisville, Ky., Nov. 9.—Returns from all but 30 out of 1,884 precincts in Kentucky the Courier Journal lists Bryan as a favorite and Beckham at 5,000. The missing precincts have been taken into account in this result. The republicans now claim that majorities will be shown for McKinley and Verkes when the returning board canvasses the state at Frankfort on the third week from election day. The returning board is democratic and the legislature is also democratic.

Democratic Headquarters Closed.

Gov. James B. McCreary, who managed the democratic campaign, on Wednesday night closed the head-quarters and Friday returned to his home at Richmond. He said Thursday night that he had heard from campaign chairmen in every county in the state and allowing all the republican claims in the state, the republican general gubernatorial placed the majority of Bryan and Beckham respectively at 5,000 and 5,000.

The Louisville Commercial (republican) says the election is "Very close." It will not concede the victory to Bryan until the returns of the remaining districts are in, and it is understood that the official count can determine the result.

Chairman Combs Claims Fraud.

Chairman Combs, of the republican state campaign committee, was quoted Thursday as follows:

"While we have not the figures thoroughly compiled, yet we are certain that Mr. Yerkes carried Kentucky with a small, safe majority.

"The result is very close. I think that it will probably require the officials to count to determine how the vote goes. While the head-quarters of the provinces of Havana and Pinar del Rio will be sent to the Cuban barracks and will not be allowed to enter Havana except en route.

It is thought that these precautions will result in a rapid decrease of the yellow fever, 50 per cent. of the cases now under treatment are among the immigrants.

The government is encouraging immigration and a large increase is expected. In all cases an effort will be made to send the newcomers to those sections of the island where labor is particularly needed.

Wholesale Exclusion of Voters.

We have discovered that not only have the aristocratic French been disfranchised all over the state, but in some counties there was wholesale exclusion of voters from the polls. In Fayette county, for instance, in two precincts 500 voters were kept from voting. The aristocratic peers were turned away. Challengers and inspectors were also excluded from the booths. In numbers of counties the returns were padded by the democrats, notably in Franklin and Owen counties.

THE NEBRASKA ELECTION.

McKinley Has a Plurality of About 2,000—Gov. Poynter Probably Re-Elected By Small Majority.

Omaha, Neb., Nov. 9.—Complete returns from two-thirds of the counties in Nebraska and scattering returns from the balance show McKinley has carried Nebraska by a plurality of 10,000 votes. An equal number of returns on the state ticket indicate that Nebraska has re-elected Gov. Poynter and the entire state ticket by pluralities ranging from 500 to 1,800 over the republicans, the governor being high man.

The returns from the state show the same percentage of gain. Gov. Poynter's election is certain, and in the counties to be heard from, which are mostly in the western part of the state, it is fair to presume that this is the case.

The Legislature Is Close.

The legislature will be decided on the basis of the results in which it will take the official count to determine the vote. The World-Herald (dem.) claims the lieutenant governor will cast the deciding vote in the upper house, and that the lower house is evenly divided, with two places in doubt.

The state republican committee, which Wednesday night gave out the claim that Bielerich and the republican state ticket had won by from \$50,000 to \$100,000, has since withdrawn this "close to the danger line," and claimed the election of the state ticket by from 1,000 to 2,000.

In Douglas county the count is close, and charges of fraud are made by the democrats. The republicans claim they have 500 more than the democrats and six out of nine representatives, while the democrats claim two senators and all the representatives.

Hillites Unofficial Returns.

Chicago, Nov. 9.—Complete unofficial returns from the state show the total vote for president to have been: McKinley, 593,023; Bryan, 497,930; McCreary's plurality, 95,093. On the side of Yates, rep., for governor, is 65,111.

To Study Homestead Legislation.

St. Petersburg, Nov. 9.—The Russian government intends sending an agent to the United States to study homestead legislation, with the view of its partial application to the peasant communities.

The Last Survivor Dead.

Atlanta, Ga., Nov. 9.—Jerry Lynch aged 73, believed to be the last surviving member of the crew of the confederate battleship Alabama, died at his residence in Indian Park Thursday. He left a large estate.

Prince George's Visit.

Copenhagen, Nov. 9.—Prince George of Greece, high commissioner for Crete, is now in Copenhagen. He will extend his visit to all the European capitals, going first to London.

ANOTHER COMBINE

Several Trans-Atlantic Steamship Companies, With Millions of Capital, to Unite.

NEGOTIATIONS ARE NOW GOING ON.

Details Are Carefully Guarded, But It Is Understood the Atlantic Transportation Co. is in the Deal.

There Will Be Many Large Vessels Put in Service by the New Company, and Others Are Being Built.

Baltimore, Md., Nov. 9.—Rumors were current Thursday concerning a combination of trans-Atlantic steamship companies which will include several companies and many millions of dollars. It was said that the Atlantic Transport Co., which operates lines of steamships between New York, Philadelphia, Baltimore and London, will be a part of the combination.

A site has already been optioned for the works, and the construction of the works will be begun within three months. Between 120,000 and 150,000 tons of the finished products will be turned out at the works in a year.

MEN OF THE MAINE.

The Committee on Site and Design for the Monument Have Made Selections.

New York, Nov. 9.—Gen. James Grant Wilson, chairman of the committee to site and design of the monument to the sailors who perished in the Civil War, announced that the committee Thursday after examining 43 submitted designs, selected in the best three in the first competition those of the firm of Anderson and Abbott, associated with Donn Barber, architect; O. Piccirilli, sculptor, associated with H. Van Buren Magonigle, architect, and George Julian Zolnay, sculptor, associated with Joseph Henry Freedlander, architect.

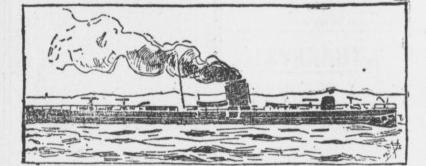

Details of the deal are carefully guarded, but it is understood that the stockholders of the Atlantic Transport Co. will receive more than \$200 per share for their holdings in the event of a consummation of the deal.

Many Vessels in the Service.

The Atlantic Transport Co. has in service now 17 vessels, ranging in

Fastest vessel in the world, recently launched at Nyack, N. Y., and which is guaranteed to go 42 miles an hour.

tonnage from 4,250 to 13,240. The Minnetonka and the Minnewaska, now building at Belfast, Ireland, will be added next spring and placed in the New York and London trades.

They will be 13,240-ton vessels and similar in design to those now building for the company by the Maryland Steel Co.

Besides these vessels, the company is building four at the yards of the New York Shipbuilding Co. at Camden, N. J., and will shortly award contracts for two more. The latter vessels will probably be built at Norwalk.

STEWART'S MANSION.

The Heirs of the Dead Merchant Prince Sold It to a Syndicate for About \$1,300,000.

New York, Nov. 9.—Alexander T. Stewart's many heirs have at last sold the famous mansion of the dead merchant prince, at the northwest corner of Fifth avenue and Thirty-fourth street. The price paid for the property is in the neighborhood of \$1,300,000.

The buyers are a syndicate of wealthy persons and have an abundant supply of funds, and also have the sympathy of prominent people in the neighboring countries.

TO CONTINUE THE WAR.

President Steyn Advises Bulgaria to Keep Up the Fight Against Great Britain.

He was to be elected in New York city. The three designs selected Thursday will be worked out in greater detail by the successful competitors and then the winning design will be selected.

REVOLUTION PREDICT.

Guatemala, Nov. 9.—People from across the border predict that the long anticipated revolution, the long awaited revolution, will soon break out. Foreign capitalists are said to be interested in overturning Cabrera and putting in Gen. Pinada, who will favor the development of Guatemalan resources.

They are prepared and have an abundant supply of funds, and also have the sympathy of prominent people in the neighborhood.

Death of Dr. Jesse W. Brock.

Leavenworth, Kan., Nov. 9.—Dr. Jesse W. Brock died Thursday, aged 70 years. He was born in Flushing, O., and during the civil war served in the 6th Ohio volunteers. He was in the army of the Potomac and Cumberland and with Sherman through the Atlanta campaign. Dr. Brock was present at the battles of Winchester, Antietam and Gettysburg.

A Cuban Exhibit.

Havana, Nov. 9.—The government is making extensive arrangements for the Cuban exhibit in the forthcoming Pan-American exhibition.

It is to be held in the Alcazar, the largest hall in the city, and will be open to the public.

Neely's Case Reassigned.

Washington, Nov. 9.—In the supreme court Thursday the case of Charles F. Neely vs. William H. Kempton, U. S. Marshal, was reargued for argument on December 1, on motion of Neely's attorney, J. D. Lindsey. The case was originally set for hearing November 15.

Gen. De Wet Wounded.

Pretoria (undated), by rail to

the camp of Gen. Kitchener at Remond's Drift. According to native reports the Boer commander narrowly escaped capture.

MAMMOTH STRUCTURES.

The New Works of the American Bridge Co. at Pittsburgh Will Cover a Tract of 40 Acres.

Pittsburgh, Pa., Nov. 9.—Plans have been made by the American Bridge Co. for the erection and operation of mammoth structures in the Pittsburgh district of the largest and most complete bridge-buildings and structural plant in the world. Mammoth works, to cover a tract of 40 acres, with a railroad viaduct, will be the chief feature of the plan. The great bridge-building plant will employ about 24,000 men, and its erection is estimated to cost \$1,000,000,000.

Involving in the scheme is an important industrial departure. The bridge-building plant will be the manufacturer of steel barges and hulls for use in river traffic. Consumption of the river will involve the removal from New York to Pittsburgh of one or more of the executive heads of the company.

A site has already been optioned for the works, and the construction of the works will be begun within three months.

An agreement to give the mortgage will be turned out at the works in a year.

Men of the Maine.

The Committee on Site and Design for the Monument Have Made Selections.

New York, Nov. 9.—Gen. James Grant Wilson, chairman of the committee to site and design of the monument to the sailors who perished in the Civil War, announced that the committee Thursday after examining 43 submitted designs, selected in the best three in the first competition those of the firm of Anderson and Abbott, associated with Donn Barber, architect;

O. Piccirilli, sculptor, associated with H. Van Buren Magonigle, architect, and George Julian Zolnay, sculptor, associated with Joseph Henry Freedlander, architect.

A site has already been optioned for the works, and the construction of the works will be begun within three months.

WAR HARBORS.

Germany Will Build One at Dantzig and Two at Kiel-Dry Docks at Wilhelmshaven.

Berlin, Nov. 9.—It has been learnt that the forthcoming imperial budget provides for the construction of fortifications of three companies each for each army corps. It will also provide 3,500,000 marks for building a war harbor at Dantzig.

At Kiel a large anchorage harbor for ships will be built, together with a harbor for torpedo boats capable of holding 60 of the largest dry docks.

At Wilhelmshaven two immense dry docks will be built.

CURE!

And all kindred complaints, due to an excess of uric acid in the blood. It accomplishes its wonderful results first, by purifying the blood and counteracting the existing poisons; second, by toning up the kidneys, liver and stomach, and then enabling them to expel all foreign and unnatural secretions. Don't delay. At this time of the year everything is conducive to these distressing and treacherous diseases. At the first symptom take this famous medicine. You will find it almost miraculously in its action and positive in its good results.

Goebelism in a Nutshell.

THE KENTUCKY WAY.

How an "Honest" Election is Conducted Under Goebel Law.

Lewisburg Leader.

William Worthington, Republican Clerk in Precinct No. 20, signed ballots rapidly enough for over 470 citizens to vote on Tuesday, not a single citizen losing his suffrage in that Precinct through the Clerk's conduct.

John McMenamy, Democratic Clerk in the adjoining Precinct, No. 16, a Deputy County Clerk under Captain Claude Chin, and one of the most skillful pollards in Lexington, was able to sign only about 290 ballots in the same time as Mr. Worthington signed 470 ballots, and the result was that nearly 200 registered voters of Precinct 16 were robbed of the right to vote.

A Republican Clerk in an overwhelmingly Republican Precinct, notoriously bad at getting votes, was compelled to sign the ballots slow enough to shut out nearly 200 Negro voters, even a Republican left standing in the column of six abreast as the polls closed, and photographed by order of the Republican Committee, to be used as an example of criminal irregularities.

The contrast between these two adjoining Precincts signs the whole story of the election in Fayette county, in the Seventh District, and in Kentucky.

It illustrates the operation of the Goebel Election Law as well as could be done by columns of denunciation and suggests why the Election Commissioners appointed Democratic Clerks in

certain Precincts in Lexington and Fayette county.

Does anybody wonder now why the slaveholders who cracked the whip over the slaves in the South would not allow the Goebel Election Law to be repealed before this election? They made a hypocritical pretense of their willingness to be honest in 1901, but insisted on a renewal of their license to commit perjury and robbery to their hearts' content in 1900.
